SUMMARY

Recent Information Technology graduate with hands-on experience in backend development through internship projects. Proficient in Node.js, Supabase, database management, authentication, and API development. Strong problem-solving and analytical skills with a passion for learning new technologies and building secure, efficient software solutions. Eager to contribute technical expertise and grow professionally in a dynamic IT environment.

EXPERIENCE

CAELUM FINANCIAL SOLUTIONS / ALLIANZ PNB LIFE

BACK-END PROGRAMMING INTERN (300 Hours)

Tech: Node.js, PostgreSQL, React, CSS

- Contributed to the development of the AZ Submission System using Node.js, React.js, and Supabase.
- Implemented secure login authentication with role-based access and email verification.
- Developed Admin and Super Admin features including user management and account activation/deactivation.
- Added CSV import/export functionality for serial number management.
- Assisted in automating insurance form submission, PDF generation, and approval workflows.

PROJECTS

SMS III: REGISTRAR’S STUDENT INFORMATION SYSTEM WITH ONLINE DOCUMENT REQUEST AND TRACKING MODULE

PROJECT MANAGER / BACK - END PROGRAMMING (Capstone Project)

Tech: PHP , MySql , Bootstrap , HTML , CSS , JavaScript

- Developed the SISREG System, a web-based Student Information and Registrar System with online document request and tracking features.
- Helped automate registrar processes to reduce long queues, manual paperwork, and processing delays.
- Designed features for centralized student record management to improve accuracy, transparency, and efficiency.
- Built a secure and scalable platform to modernize registrar document processing and student services.

TECHNICAL SKILLS

Frontend: HTLM, CSS , JavaScript, React

Backend: Node.js, PHP, MySQL, PostgreSQL

Tools & Platform: VS code, GIT

Other Skill: Problem-solving, Debugging, Analytical Thinking

CERTIFICATES

- Certificate of Attendance – **Research Forum 2025: “Empowering the Future through Research: Local Solutions for Global Challenges”**, BESTLINK College of the Philippines (July 13, 2025)
- Certificate of Participation – **Seminar Workshop Evaluation 2024: “Stay, Discover, and Learn Program Beachside Code Camp: Diving Deep into Tech Innovation”**, Peninsular Hotel, Subic, Tarlac (May 2024)

EDUCATION

Bachelor of Science in Information Technology
Bestlink College of the Philippines

Completed - 2026

E. Rodriguez Jr. High School
Senior High School – General Academic Strand

Completed - 2022
